

Ascend Tech Adjust Flip Table.

Product **Specifications**

Ascend Tech Adjust Flip Table.

Introducing the Ascend Table, the perfect solution for all your education & training needs. With its unique flip top design and height adjustment features, it makes learning easier than ever. The Ascend Table is suitable for all age groups, making it the perfect fit for classrooms and training centres of all kinds.

Assembling the table is a breeze thanks to its user-friendly design, taking less than 5 minutes to build from scratch. The mechanism locks while being used, so you can work without wobble. And finally, the safety lock feature ensures that the top remains upright while being stored, providing added safety and security.

Key Features

A. Technician Adjustable

Technician adjustable for all age groups in 40mm increments from 600 - 840mm (includes 25mm worktop thickness).

B. Fast Assembly

Comes mostly assembled and can be installed in less than 5 minutes.

C. Safety Locking

When tilted upright, the mechanism will lock to prevent an accidental return to horizontal.

D. No-wobble Tilt Mechanism

Easy use flipping mechanism - Our precision mechanism locks in super tight horizontally so there is zero wobble in the top.

Ascend Tech Adjust Flip Table.

In Detail

Easy Use Flipping Mechanism

Our precision mechanism locks in super tight horizontally so there is zero wobble on the worktop.

Space Saving

When it's time to clear some space, this desk folds and nests together for easy storage.

Mobility for Easy Shifting

Four large easy-roll castors with locking function for easy table transport.

Joining Tables is Easy

Turn a single table into a multi-workstation hub with tabletop joiners.

Long Life Frames

Durable welded steel construction designed to last a minimum 20 years.

E0 Grade Worktop

Super low emission melamine worktops with matching hardedge to take the knocks.

Flip Mechanism

Strong flip mechanism with safety stay upright locks and no-wobble tilt mechanism.

Easy Use Flipping Mechanism

One handed pull bar with just the right tension for ease of use.

Strength

140kg load rating ensure long term durability with frequent use.

Easy moving

Two lockable swivelling 70mm castors on each foot.

Fast Assembly
Comes with 1 piece welded leg and foot.

10 Year Warranty
Best in it's class.

OLG's Ratings & Certifications.

10 Year Warranty

OLG Warranty promises the original purchaser that it will repair or replace with comparable product, at its option and free of charge (for material and components), any product, part or component which fails under normal use over the duration of the specified warranty term (taken from the date of purchase). Normal commercial usage is defined as the equivalent of a single shift, 40 hour work-week.

Weight Rating

All seating products have an OLG endorsed 120kg minimum weight rating. All OLG seating products are designed with reference to relevant international standards, including ANSI/BIFMA and AS/NZS. These standards stipulate strength & durability requirements and give the user confidence about the product's longevity. OLG's ISO certified factories use propriety test rigs to issue OLG's own weight ratings for chairs.

ISO 14001

ISO 14001 Certification is the international standard that specifies requirements for an effective Environmental Management System (EMS). It provides a framework that OLG as an organization can follow. At OLG we are using this framework as an approach to continuous improvement across all environmental aspects of our business.

ISO 9001

ISO 9001 Certification is the world's most widely recognized Quality Management System (QMS). At OLG its our guiding principle to meet the expectations and needs of our customers through quality management systems that continually monitor and manage quality across all operations to deliver consistent performance and service.

AS/NZS 4801

AS/NZS 4801 is the benchmark to assess Occupational Health & Safety Management systems for organisations. This standard contains vital information about meeting legal requirements and invaluable guidance on how to establish sustained improvement in health and safety performance in your business.

GECA Certification

GECA (The Good Environmental Choice Australia) Ecolabelling Program, operates a national third-party, independently verified ecolabel, in conformance with Environmental labels and declarations (ISO 14024), that can be applied to a wide range of products and services. This certification gives you an independent, reliable and convenient way to select OLG products and services that are certified by GECA to deliver better environmental outcomes. Anvil and Axis (available to GECA specification by special request). EkoSystem approved as EKO Brand.

AFRDI Certification

AFRDI Certification is a set of standards covering strength, durability, stability and safety (and ergonomics in the case of desks and workstations). This means that OLG are accountable for maintaining the quality of our products, submitting them for regular auditing to ensure they meet the highest standards for commercial use. Applies to: Urban Mesh (Level 6 – Severe Commercial), Modulus Flip Table (Level 3 – Severe Commercial, tested with 1500 x 750 top and Agile+ Single Sided Dual Motor Electric Desk).

BIFMA Certification

BIFMA Certification focuses on safety and performance standards developed by the BIFMA Engineering Committee. The standards provide manufacturers, specifiers, and users with a common basis for evaluating safety, durability, and the structural adequacy of the specified furniture, independent of construction materials. The standards define specific tests, laboratory equipment to be used, the conditions of test, and the minimum acceptance levels to be used in evaluating these products. Applies to: Balance Executive, Balance Task, Optic Chair, Adapta Chair, Game Chair 4 leg, Game Chair 4 leg with seat and back pads, Game Sled, Game Sled with seat and back pads, Agile+, Agile Electric 2-Column single motor, Motion Sync

Australian Trusted Trader

Australian Trusted Trader Certification is a standard that rewards companies showing compliant behaviour, secure supply chain with strong security practices, to enjoy a wide range of trade facilitation benefits. OLG have held this status since 2017.

FSC

FSC is the leading catalyst and defining force for improved forest management and market transformation, shifting the global forest trend toward sustainable use, conservation, restoration, and respect for all. Applies to: Plantation timber legs

GREENGUARD Certification

A GREENGUARD Certification ensures that a product has met some of the world's most rigorous and comprehensive standards for low emissions of volatile organic compounds (VOCs) into indoor air. GREENGUARD Gold Certification offers certification criteria that considers safety factors to account for sensitive individuals (such as children and the elderly), and ensures that a product is acceptable for use in environments such as schools and healthcare facilities.

Ascend Tech Adjust Flip Table.

Cheat Sheet Quick Guide

Standard Features

Technician adjustable for all age groups- Technician adjustable in 40mm increments from 600mm to 840mm (includes measuring worktop thickness)

Eco Friendly powdercoat finish in black to legs, pullbar and feet

Fast assembly- comes mostly assembled - less than 5 minutes per frame install time

Easy use flipping mechanism- one handed pull bar with just the right tension for ease of use

Safety locking- when tilted upright, the mechanism has locking stays on each mechanism to prevent accidental return to horizontal. To return to level, simply pull the pullbar to release

Sizing: Frames to suit top lengths of 800-2100mm, and top widths of 600-750mm

Space saving when not required for a table- when you want a clear room, the tables fold and nest together to give 80% more space for other activities.

Heavy Duty tops and hard-wearing edges- 25mm environmentally friendly EO grade worksurfaces in melamine, with matching hardcore edging to take the knocks.

Mobility for easy shifting: 4 x Large easy-roll locking castors with locking function to make the table easy to move. When you have located the table where you need it, the castors can be locked to make non-mobile.

Joining tables is easy- Easily butt tops together and lock together using the top joiner provided with the frame.

No-wobble tilt mechanism- there is nothing worse than a table with wobble-this is a precision mechanism that locks in the horizontal super tight so there is zero wobble in the top.

Long Life frames- durable welded steel construction designed to last a minimum 20 years.
